

**Why YOU SHOULD CHOOSE THE CHAMPION GREEN CLEANING SYSTEM**

**CHAMPION GREEN CLEANING SYSTEMS**

**How THE CHAMPION GREEN CLEANING SYSTEM WORKS**

- **AFFORDABILITY:** With the waste factor eliminated, you can now afford to have your staff use products of the highest quality.
- **SPACE-SAVING:** The compact unit can be mounted in small work areas and the two-liter bottles are easier to store.

- **USER-FRIENDLY PACKAGING:** Color-coded labels in both English and Spanish.
- **SAFER HANDLING:** No more mixing. No more worker contact with concentrated chemicals.
- **LABOR-SAVING:** Mixing and measuring are eliminated to save time and money.
- **GUARANTEES:** Champion system will reduce cost and maintain excellence in quality.

**EASY-TO-USE • Fast • Simple • Accurate**

With Champion's Patented Dispenser, water is automatically mixed with the super-concentrated products to yield correct dilutions every time.

- **The Product Rack organizes the cleaning process.**

● Bucket Products

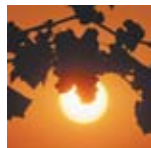

● Spray Products

- 1 Choose the correct product for the job.**
- 2 Just insert bottle and push lever.**

*(It's not complicated)*

**CHAMPION**

Champion formulates a complete line of environmentally preferred products.
